Sports 4 Kids Summer Camp, which caters for boys and girls between the ages of 4+ and 13 years (for children born from 2019), is aimed principally to expose children to a varied programme of both indoor and outdoor sports disciplines combined with fun and games so as to keep their bodies busy apart from keeping their imagination alive.

Started 22 years ago and located in St. Dorothy's School, in the outskirts of Zebbug, Sports 4 Kids Summer Camp offers children originating from different schools in the regular academic scholastic year a chance to unite together within our age-related groups and participate in all the sports activities during the eight weeks of summer between the **8th July to the 5th of September 2024 (Excluding Santa Maria week 12th-16th August).**

One can choose between a 3-day programme or a full week programme. The school is proud of the quality of the employed qualified coaches/instructors in each respective sporting discipline who work hard to introduce to the children the basic rules and playing/ performance methods and fundamentals.

The school timetable is devised so that each child over the age of 4 and a half attending the summer camp will have a minimum of one swimming session each and every day. Activities start daily at 8.30am and keep on going until 1.30pm with five different sessions each day and two 20 minute mid-morning breaks.

Early morning free supervision is offered from 7.45am and afternoon supervision is also offered until 2.30pm (at an additional cost).

An important feature and much sought-after element within our Sports School is swimming, as the school can make exclusive use of its own 25 metre fresh-water swimming pool and adjoining baby splash pool. Pool sessions are held every day and each class has at least one session every day at the pool under the supervision of qualified instructors. Other sport activities include Badminton, Hockey, Karate, Football, Basketball, Water Polo, Team Building, Life Skills, Drama and Swimming so we give children a hands-on experience to create ideas.

Three special outings will be held during the summer club programme for children of different ages to go to interesting venues (included in the fee).

We will also invite all parents to attend our open day so that they can watch their children participate in various activities.

Transport is being provided by Coop Services Ltd and will cover many localities.
